

DataSheet

With one of the widest ranges available on the market today, Commander® is firmly established as a true market leader. Time has proved these portable fire extinguishers as a dependable choice for almost any situation, and reliable performance is guaranteed. Furthermore the Commander 6ltr, 9ltr, 6kg and 9kg models now boast extremely high fire ratings as well as the British Kitemark Certification.

COMMANDER®

WET CHEMICAL FIRE EXTINGUISHERS

The Commander range Wet Chemical extinguishers provide the ideal and effective answer to Class F fires. Both the 6 litre and 3 litre cylinders are manufactured from corrosion resistant stainless steel. The 6 litre units have been designed to provide a hygienic “Easy Clean” solution to meet the demands of commercial kitchen environments. The 3 litre size is ideal for the smaller kitchen and can be easily removed from the bracket for cleaning. The stainless steel central strap holds the extinguisher firm and prevents accidental displacement.
