

i-on Compact - Home smart intruder alarm system

Next generation cloud capabilities with the i-on Compact: have you tried it?

A single-box solution, the entry level i-on Compact offers reduced time, cost and complexity of installation, programming, and maintenance - only requiring connection to one cable (mains) to get the system up and running. Additionally, its low-profile design makes it a discrete presence in interior spaces.

The Compact 20 zone radio control panel offers the following benefits:

-  More installations per day
-  Reduced installation time compared to wired systems
-  SecureConnect™ app and cloud enabled
-  Configure your system on any smart device
-  Manage all of your panels remotely with the SecureConnect™ cloud
-  Offer your customer flexibility through a user friendly app

Looking for a single box solution for residential application?

The i-on Compact kit includes:

- 1 x Compact panel
- 3 x Pet Tolerant PIR (XCELRPT)
- 1 x Door contact (DET-RDC-W)
- 1 x Two-way keyfob (FOB-2W-4B)
- 1 x External sounder (SDR-REXT-G2-BL)
