Wireless intruder alarm panel

The i-on Compact is a fully featured wireless security panel that brings next-generation cloud capabilities to residential and small commercial properties. The wireless intruder panel, with built-in keypad, offers up to 20 radio zones and can be programmed, managed and serviced remotely by installers via Eaton SecureConnect™.

Built with cyber security in its DNA the i-on Compact is Eaton SecureConnect™ Cloud and App enabled

Multiple communication options
Built-in Ethernet port and optional PSTN or GSM allow you to tailor installations to the properties' needs.

Eaton SecureConnect™ Cloud and App
Control and monitor your panel through the cloud 24/7 anytime anywhere across multiple locations. Provide your customers with a secure App for convenient control of their system ensuring peace of mind.

Simple visual verification
Connect Eaton security cameras to the i-on Compact panel to provide an additional layer of security. Capturing images locally on an SD card and view through App or email
