

CTGS/S

Term Tech Cable Tie Tensioner and Cutting Tool Stainless Steel Ties Max 7.9mm Wide Side Grip Style Black

The Termination Technology stainless steel tensioners are an essential tool to have if installing stainless steel cable ties. Two different styles available dependent on preference or angle of installation, both tools will tension and cut the ties. The CTGS/S is a side tensioner with a manual cutting lever to cut the tie when you wish. The CTGS/S-B is a straight pistol grip tensioner which can be adjusted to cut automatically at the required tightness.
