

TITAN Prestige Fire Safety Equipment

TITAN Prestige

The new TITAN Prestige fire equipment range from Express Fire Equipment Ltd. offers our largest ever range of prestige equipment that has been lovingly crafted from durable components and offers stunning safety equipment for areas where appearance is of the utmost importance.

TITAN Prestige...Safety, quality and performance without compromise

Ideal for use in luxury accommodation including prestigious offices, shops, hotels and showrooms, the range offers water, foam, powder, carbon dioxide and wet chemical fire extinguishers in many sizes as well as tubular stands available in black, chrome and red.

In addition, the bespoke stainless steel ID and fire action signs are the ultimate in modern signage alongside the coloured aluminium ID and fire action signs and door signs.

Our newly designed fire extinguisher stand signage clips are manufactured in the UK using our own tooling and the quick-fit system means that they will be secured to stands for many years to come.

SUPPORT AND QUALITY

Every TITAN Prestige stainless steel and polished aluminium fire extinguisher offers a five year guarantee along with full technical specifications for all of the products, available upon request.

High fire ratings

Assembled in the UK

Wide range of sizes

CE marked

Manufactured from highly polished stainless steel (water, foam, powder and wet chemical) and polished aluminium (2kg carbon dioxide)

Ideal for use in hotels, luxury accommodation, prestigious offices, luxury shops and showrooms

Supplied complete with wall mounting bracket and hose/horn as standard

5 year warranty

Safety pressure relief valve for water, foam, powder and wet chemical fire extinguishers

Our largest ever range of TITAN Prestige polished aluminium and stainless steel fire extinguishers will enhance any interior space as well as offering excellent value for money and the outstanding quality that you would expect from the TITAN Prestige range.

TITANSSPSE03-01	1kg Powder Fire Extinguisher
TITANSSPSE03-02	2kg Powder Fire Extinguisher
TITANSSPSE03-03	6kg Powder Fire Extinguisher
TITANSSPSE03-04	9kg Powder Fire Extinguisher

TITANSSPSE06-00	1ltr Foam Fire Extinguisher
TITANSSPSE06-01	2ltr Foam Fire Extinguisher
TITANSSPSE06-02	6ltr Foam Fire Extinguisher
TITANSSPSE06-03	9ltr Foam Fire Extinguisher

TITANSSPSE05-02	6ltr Water Fire Extinguisher
TITANSSPSE05-01	9ltr Water Fire Extinguisher

TITANSSPSE07-02	2ltr Wet Chemical Extinguisher
TITANSSPSE07-01	6ltr Wet Chemical Extinguisher

TITANSSCO2	2kg Carbon Dioxide Fire Extinguisher

Fire Extinguisher Technical Specification

POWDER				
Technical Specification	TITANSSPSE03-01	TITANSSPSE03-02	TITANSSPSE03-03	TITANSSPSE03-04
Capacity	1kg	2kg	6kg	9kg
Fire Rating	8A 34B/C	13A 70B/C	27A 144B/C	43A 233B/C
Extinguishing Medium	ABC 40 Powder	ABC 40 Powder	ABC 40 Powder	ABC 40 Powder
Temperature Range	-30°C —+ 60°C	-30°C —+ 60°C	-30°C —+ 60°C	-30°C —+ 60°C
Cylinder Material	Stainless Steel	Stainless Steel	Stainless Steel	Stainless Steel
Pressurising Gas	Nitrogen	Nitrogen	Nitrogen	Nitrogen

FOAM				
Technical Specification	TITANSSPSE06-00	TITANSSPSE06-01	TITANSSPSE06-02	TITANSSPSE06-03
Capacity	1ltr	2ltr	6ltr	9ltr
Fire Rating	5A 34B	8A 55B	13A 144B	21A 233B
Extinguishing Medium	AFFF (foam)	AFFF (foam)	AFFF (foam)	AFFF (foam)
Temperature Range	+5°C —+ 60°C	+5°C —+ 60°C	+5°C —+ 60°C	+5°C —+ 60°C
Cylinder Material	Stainless Steel	Stainless Steel	Stainless Steel	Stainless Steel
Pressurising Gas	Nitrogen	Nitrogen	Nitrogen	Nitrogen

WATER		
Technical Specification	TITANSSPSE05-02	TITANPSESS05-01
Capacity	6ltr	9ltr
Fire Rating	13A	13A
Extinguishing Medium	Water	Water
Temperature Range	+5°C —+ 60°C	+5°C —+ 60°C
Cylinder Material	Stainless Steel	Stainless Steel
Pressurising Gas	Nitrogen	Nitrogen

WET CHEMICAL		
Technical Specification	TITANSSPSE07-02	TITANSSPSE07-01
Capacity	2ltr	6ltr
Fire Rating	5A 40F	21A 75F
Extinguishing Medium	Wet Chemical	Wet Chemical
Temperature Range	+5°C —+ 60°C	+5°C —+ 60°C
Cylinder Material	Stainless Steel	Stainless Steel
Pressurising Gas	Nitrogen	Nitrogen

CARBON DIOXIDE	
Technical Specification	TITANSSCO2
Capacity	2kg
Fire Rating	34B
Extinguishing Medium	Carbon Dioxide
Temperature Range	-20°C —+ 60°C
Cylinder Material	Aluminium
Pressurising Gas	N/A

STAINLESS STEEL ID & FIRE ACTION SIGNS

Lovingly crafted from the highest quality stainless steel, the range of stainless steel signs includes portrait and landscape ID signs and a fire action sign. Strong, robust and manufactured from 1mm stainless steel, black text against stainless steel creates the ultimate modern safety sign. Manufactured in the EU. All stainless steel signs are supplied complete with a self-adhesive backing meaning that they can be used as standard rigid signs or self-adhesive.

SSIDC02	Stainless Steel CO2 Portrait. Rigid / S-A	80mm x 200mm
SSIDCO2L	Stainless Steel CO2 Landscape. Rigid / S-A	100mm x 150mm
SSIDFIREBLANKET	Stainless Steel Fire Blanket Portrait. Rigid / S-A	80mm x 200mm
SSIDFIREBLANKETL	Stainless Steel Fire Blanket Landscape. Rigid / S-A	100mm x 150mm
SSIDFOAM	Stainless Steel Foam Portrait. Rigid / S-A	80mm x 200mm
SSIDFOAML	Stainless Steel Foam Landscape. Rigid / S-A	100mm x 150mm
SSIDPOWDER	Stainless Steel Powder Portrait. Rigid / S-A	80mm x 200mm
SSIDPOWDERL	Stainless Steel Powder Landscape. Rigid / S-A	100mm x 150mm
SSIDWATER	Stainless Steel Water Portrait. Rigid / S-A	80mm x 200mm
SSIDWATERL	Stainless Steel Water Landscape. Rigid / S-A	100mm x 150mm
SSIDWETCHEM	Stainless Steel Wet Chemical Portrait. Rigid / S-A	80mm x 200mm
SSIDWETCHEML	Stainless Steel Wet Chemical Landscape. Rigid / S-A	100mm x 150mm
SSFA	Stainless Steel Fire Action. Rigid / S-A	150mm x 200mm

BRUSHED ALUMINIUM ID & FIRE ACTION SIGNS

Our brushed aluminium signs are manufactured in the UK and extinguisher and fire blanket signs are colour coded to match EN3. Available in both portrait and landscape we have the full range of extinguisher signs: foam, water, carbon dioxide, powder, fire blanket, and wet chemical as well as a fire action sign and door signs. Manufactured in the UK.

AS02	Brushed Aluminium Foam Portrait	80mm x 200mm
AS02L	Brushed Aluminium Foam Landscape	100mm x 150mm
AS03	Brushed Aluminium Water Portrait	80mm x 200mm
AS03L	Brushed Aluminium Water Landscape	100mm x 150mm
AS04	Brushed Aluminium CO2 Portrait	80mm x 200mm
AS04L	Brushed Aluminium CO2 Landscape	100mm x 150mm
AS05	Brushed Aluminium Powder Portrait	80mm x 200mm
AS05L	Brushed Aluminium Powder Landscape	100mm x 150mm
AS06	Brushed Aluminium Fire Blanket Portrait	80mm x 200mm
AS06L	Brushed Aluminium Fire Blanket Landscape	100mm x 150mm
AS07	Brushed Aluminium Wet Chemical Portrait	80mm x 200mm
AS07L	Brushed Aluminium Wet Chemical Landscape	100mm x 150mm
AS01	Brushed Aluminium Fire Action	150mm x 200mm

AS09	Automatic Fire Door Keep Clear	70mm diameter
AS10	Fire Door Keep Clear	70mm diameter
AS11	Fire Door Keep Shut	70mm diameter
AS12	Keep Locked Shut	70mm diameter
AS13	Fire Door Keep Locked Shut	70mm diameter

METAL TUBULAR STANDS

Our newly designed tubular stands offer increased strength and durability without compromising on visual aesthetics. The stands are available in single and double chrome, black and red accommodating all makes and models of fire extinguisher. The stands make the ultimate moveable fire point when supplied with our stand signage clips reducing time on-site for engineers installing fire safety equipment and removing the necessity of drilling into walls.

FESTAND1	Chrome Single tubular stand	W: 33cm, H: 75cm, D: 31cm
FESTAND2	Chrome Double tubular stand	W: 51cm, H: 73cm, D: 31cm
FESTAND10FX	Black Single tubular stand	W: 33cm, H: 75cm, D: 31cm
FESTAND9FX	Black Double tubular stand	W: 51cm, H: 73cm, D: 31cm
FESTAND8FX	Red Single tubular stand	W: 33cm, H: 75cm, D: 31cm
FESTAND7FX	Red Double tubular stand	W: 51cm, H: 73cm, D: 31cm

Strong, durable design

Black and red stands are powder coated with a high quality finish

Suitable for all fire extinguisher types and can be fitted with either/or CO2 or J Bracket

Lightweight and easy to transport and store

FIRE EXTINGUISHER STAND SIGNAGE CLIPS

Our impact-resistant signage clips offer a unique design meaning that they can quickly and easily be attached to tubular stands using our quick adjusting soft jaw pliers and grubs screws. The clips are manufactured in the UK using our own tooling.

The unique clip design means that it can be quickly and easily located on ANY part of the stand to accommodate ID signs, fire action signs and fire exit directional signs.

Signage can be quickly affixed using grub screws (2 required per clip) and our unique clip system means that the clip and sign will be secured to the stand for many years to come. The clips are designed to be clipped using soft jaw pliers to fix to the stand and once on they are hard to remove lessening the chance of tampering.

Create a moveable fire point quickly and easily without having to drill into walls saving the engineer time on installation and adding value to the service contract.

Clips will accommodate any make and type of sign including white rigid plastic, photo-luminescent and stainless steel/brushed aluminium

A full range of ancillary fixing and presentation products are also available including an engineers starter kit.

FESIGNCLIP	Fire extinguisher stand impact resistant signage clip
VIDSIGNCLIP	Pack of 20 fire extinguisher stand impact resistant signage clip
BR350070	Stubby ratchet screwdriver for fixing grub screws: includes 1 x hexagon 2mm grub screw bit.
GS01	Grub screws: pack of 200
S-595757	Quick adjusting soft jaw pliers 280mm length 65mm jaw - for use with FESIGNCLIP
TITANSSCRECLE	Stainless/Aluminium cream cleaner (500ml)
TITANSSPOLCLOTH	Stainless/Aluminium cleaning and polishing cloths (pack of 5)
TITANSSPOLCLOTH-SIN	Stainless/Aluminium cleaning and polishing cloths (pack of 1)
TITANKITBAG	Signage bag
