

Z-AUXD-2P

Ziton Series Auxiliary Surface Mount Accessory

General

The Z-AUXD-2P is a surface mounting base accessory that allows detectors to be installed using standard 20 or 25 mm electrical conduit. Four flat surfaces are provided on the wall of the moulding to accommodate side entry glands, together with a breakout in the base of the unit for rear entry cables.

The Z-AUXD-2P is compatible with all ZP7 and Z6 series detector bases. It features fixing slots for either direct ceiling mounting, or alternate connection to most standard conduit boxes.

Standard Features

- Accepts conduit sizes up to 25 mm
- Compatible with all ZP7 and Z6 series detector bases
- Side and rear wiring entry

Z-AUXD-2P
